PROFESSIONAL EXPERIENCE

Content Marketing Manager

April 2025 – Present

Aptitude 8 (Elite HubSpot Partner)

Remote

SEO & AEO Program

- Improved site health from 70% to 94% through a structured technical SEO strategy covering indexation, site structure, metadata, and internal link architecture.
- Moved average search position from 34 to 9 over a 12-month period across 1.3K+ tracked terms.
- Grew organic clicks 204% (3,620 to 11,000+) and search impressions 346% (673K to 3.03M) in the same period.
- Designed and executed a cluster-based SEO strategy across 8 service lines, optimizing 100+ blogs, pillar pages, guides, case studies, and landing pages.
- Built AEO-focused content and site structure that generated 158 AEO-sourced leads to date.
- Owned keyword governance and reporting through Google Search Console, SEMrush, and HubSpot, lifting keyword visibility from 6% to 17.89%.

Revenue & Business Impact

- Influenced \$2.6M+ in content-attributed revenue across five reported quarters, averaging \$530K+ per quarter (peaks of \$835K and \$774K).
- Contributed to a marketing function that sources 50-63% of company revenue and drives \$1M-1.2M in revenue per quarter.
- Supported SQL-to-close rate improvement from 23% to 32% by aligning organic content with sales enablement and RevOps priorities.

Enterprise & HubSpot Partner Programs

- Led content and delivery for global-scale sales enablement built for HubSpot as a direct client, including a competitive comparison guide and industry one-pagers embedded in HubSpot's sales workflow (see Relevant Projects).
- Marketed new service lines across RevOps, CPQ, AI for GTM, HubSpot Enterprise, and vertical segments with landing pages, case studies, and enablement decks.

Content Operations & AI Systems

- Built ClickUp campaign calendars, approval workflows, and handoff automations that reduced review time and increased publishing velocity.

- Authored a CMO-approved SOP package standardizing intake, creation, review, and distribution across blogs, SEO, video, email, webinars, and social.
- Designed Articul8, a cloud-hosted AI content operations system (13+ agents on Python and the Anthropic Claude API) that delivers publish-ready blog packages at \$0.37 per unit versus a \$300-800 freelance rate.
- Built and deployed custom Claude skills and Cowork plugins used org-wide, turning firm-wide brand, SEO, and content standards into repeatable one-command workflows that pull live data from HubSpot, Semrush, Search Console, and ClickUp.

Executive Enablement & Campaign Leadership

- Ghostwrote LinkedIn, newsletter, and podcast content for the CEO, CRO, and CMO, and coached executives on video delivery and on-camera presence.
- Launched Full Stack GTM, a bi-weekly executive-led newsletter, and led the GTM Leadership Awards campaign (see Relevant Projects).
- Managed external vendors across video, design, and paid media, owning briefs, timelines, feedback, and QA.

RELEVANT PROJECTS

HubSpot vs. Salesforce Competitive Comparison Guide ([VIEW HERE](#))

A competitive comparison resource built for HubSpot reps worldwide, deployed inside their Trumpet sales workflow for live use in deals.

- Owned the project end to end: mapped the project plan, timeline, and task ownership, then delegated workstreams across HubSpot stakeholders, a contractor, the dev team, and the video team.
- Hired and directed a contractor to validate workflows and capture recordings, orchestrated handoffs to the video team, and personally handled scripting, messaging, and voiceover.
- Drove all stakeholder alignment through email coordination and working sessions, meeting directly with the CMO and HubSpot partner on strategy and delivery.
- Built the content from outlines and messaging through final assets, then repurposed it into a live co-hosted webinar with HubSpot.

HubSpot Industry Competitive One-Pagers ([VIEW HERE](#))

Customer-facing sales enablement one-pagers built for HubSpot, used by reps within the live sales process.

- Wrote and structured three industry one-pagers as global sales enablement, giving HubSpot reps customer-facing competitive assets to deploy in deals.
- Translated technical positioning into scannable, buyer-ready content and coordinated research, stakeholder review, and design to hold consistency across the set.

GTM Leadership Awards ([VIEW HERE](#))

Large-scale, multi-channel awards campaign recognizing the Top 40 GTM Ops leaders across HubSpot, Salesforce, and Marketo.

- Launched and owned a large-scale campaign end to end, recognizing 40 honorees across live webinars, a dedicated microsite, and a multi-week promotional push.
- Managed timelines, deliverables, and communications across 10+ collaborators, sponsors, judges, and vendors on a centralized ClickUp board.
- Wrote 100% of campaign copy across email, social, landing pages, carousels, winner outreach, and executive announcements.
- Served as community liaison for judges and sponsors, hosted prep calls, and ran the webinar and awards launch. Live at gtmleadershipawards.com.

EARLIER EXPERIENCE

Head of Content Marketing & SEO

Falkon AI

April 2022 – Dec 2024

Remote

- Owned the marketing content function as a solo lead: strategy, project management, cross-functional communication, and campaign promotion, driving 1M+ impressions and \$1.2M in sales pipeline.
- Built and ran an influencer and brand-ambassador program end to end: recruitment, individualized one-to-one strategy, calls and product demos, budgeting, and compensation.
- Led content through a full company rebrand, owning website messaging, SEO and blog copywriting, and sales enablement battle cards, and partnered directly with the CEO on video content to launch new products.

Content Marketing Consultant

Jan 2019 – Present

TheVoice.io (Part-Time Contract)

Remote

- Built content operations for clients end to end: content databases, editorial workflows, and repeatable systems to generate content through employee advocacy, partnerships, YouTube, and thought leadership.
- Launched and led customer advocacy programs, engaging customers directly to produce in-person, virtual, and video case studies, plus reviews and testimonials.
- Created knowledge bases and libraries of educational content, including videos, guides, and troubleshooting resources, that supported sales enablement, drove product adoption, and improved client success.
